Summary

Front-End Developer with hands-on experience building responsive and scalable web applications using React.js and Next.js. Skilled in TypeScript, Tailwind CSS, Redux Toolkit, React Query, React Hook Form, Zod, Supabase, PostgreSQL, Prisma ORM, and REST APIs. Experienced in developing reusable component-based architectures, implementing authentication systems, integrating APIs, and building SEO-friendly applications using Next.js App Router, SSR, and CSR. Passionate about writing clean, maintainable code and optimizing application performance.

Technical Skills

Frontend:

React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Design

Backend & Database:

Supabase, PostgreSQL, Prisma ORM, REST APIs, Next.js API Routes, Server Actions

Languages

JavaScript (ES6+), TypeScript

Tools:

Git, GitHub, Vercel, Figma

State & Data:

Redux Toolkit, React Query, React Hook Form, Zod, Context API

Concepts:

Authentication, Authorization, SSR, CSR, SEO, Performance Optimization, Component-Based Architecture

Experience

Front-End Developer (Internship), Basaesoftware Accounting & Management System  06/2025 – 12/2025

- Developed ERP modules using React.js and Next.js for accounting, treasury, sales, and inventory systems.
- Built and managed dynamic forms with backend API integration and data validation.
- Implemented reusable dynamic tables and data-driven components for enterprise applications.
- Worked with Next.js rendering patterns including SSR/CSR to improve application performance and user experience.
- Optimized frontend performance and improved usability of complex business workflows.
- Collaborated with backend developers to integrate REST APIs and deliver scalable features.

Projects

Piano Coffee  , Next.js • React • Supabase • PostgreSQL • Tailwind CSS 06/2026 – 07/2026

- Built full-stack e-commerce platform with authentication and admin dashboard.
- Implemented CRUD, filtering, responsive UI, and reusable components.
- Used Next.js App Router, Server Actions, and API Routes.

Personal Portfolio  , Next.js • Tailwind CSS

- Developed SEO-friendly responsive portfolio website.
- Implemented reusable components and dark/light mode.

Education

Bachelor of Science in Computer Engineering, Azad University 2022 – Present | Bojnord, Iran
